Adventure Guides - Adventure Princesses

YMCA Adventure Programs provide fathers (Uncles & Grandfathers) a unique opportunity to strengthen relationships and promote understanding with their daughters and sons. Through fun events and activities designed to create shared memories and promote understanding, we meet our program goals of 'Friends Always' and 'Pals Forever' with our children. We are made up of dads just like you who take advantage of every opportunity to develop lasting friendships with their children.

"Yetta Hey" is the official greeting. It started when the first Storyteller, Lightning Striker, first spoke it at a campfire many moons ago. From the Navajo, it is an Indian greeting meaning *"it is very good to see you again"*. It is meant as a happy greeting to a close friend.

"ADVENTURE PRINCESSES... FRIENDS ALWAYS"

"Friends Always" does not mean that father and daughter relate to each other as equals, such as two girls who are friends. Rather, it means that father and daughter have a close, enduring relationship in which there is communication, understanding and companionship. The Y Princess Program encourages such a relationship by providing a means for father and daughter to share enjoyable experiences, to observe and learn about one another and to develop mutual respect.

"ADVENTURE GUIDES... PALS FOREVER"

The core of the program is the help foster a father and son relationship through fun events to create lifelong meaningful memories and is designed to accompany a father and son on a journey of adventure and discovery. The Y Guides Program provides tremendous value in supporting and strengthening the ability of a father and son to communicate at an early age in ways that are respectful, honest, and caring.
