### About Us

YMCA Adventure Pioneers is a family program designed for a parent and his or her 3 year old to kindergarten child and their family. All Adventure Pioneers Events are for the whole family. After the child enters 1st grade the child and their father move into the Adventure Guides or Adventure Princesses program.

Families meet monthly for low cost or free adventures such as parades, parties or campouts. Program activities often include crafts, games, songs, stories, open play and outings.

### Parental Involvement

It is understood that the parent serves as a guide in a child's life. Parents lead, direct, supervise, influence, and teach while presenting opportunities for children to explore the world around them. They lead by example as they set their children on a path through life.

Children whose parents are involved in their lives are more confident and less anxious in unfamiliar settings, are better able to deal with frustration, better develop a sense of independence, are more likely to become compassionate adults, have higher self-esteem, have higher grade-point averages, and are more likely to be sociable.

Pioneers Induction Ceremony

### Membership

Join us at our Recruiting Rally in September. Dates and locations are published on our website. The membership year begins January 1<sup>st</sup> but incoming members may attend events October through December. We welcome new members all year long as well!
